

*Vietnam's Leading Supplier of Semiconductor  
Assembly Equipment, Tools, and Materials*

DESIGN > PRINT CIRCUIT BOARDS > ELECTRONICS ASSEMBLY > TEST

**World Leader in Package Assembly**  
**Photonics, IC, RF Assembly, and Test Production Line**  
**Microwave, Hybrid, Nanotech and MEMS Assembly**  
**Cleanroom Equipment**  
**SMT Solutions**  
**Consuming Materials and Accessories**

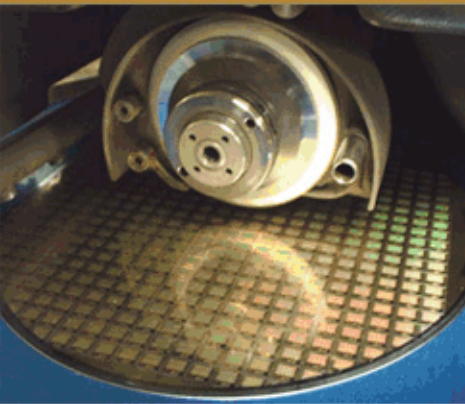

**Semiconductor and Microelectronics**

**Acrosemi Corporation**

# Semiconductor and Microelectronics

Dicing (máy cắt phiến)

Mask Aligner  
(Máy quang khắc)

Multiprobe Station (Trạm kiểm tra linh kiện)

300mm Probe Station Series

Cleanroom Modular  
(Phòng sạch dựng sẵn - ready to use)

Workstations / benches  
(Tủ, bàn thí nghiệm trong phòng sạch)

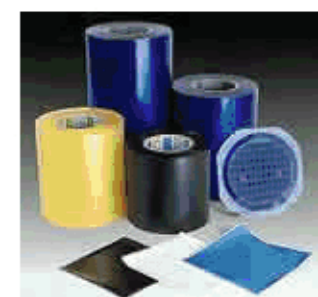

## UV Exposure System

- Revolutionary new design
- Cures UV Tapes quickly
- Ultra long light life source
- Easy to operate

## Table Top Solder Reflow Station

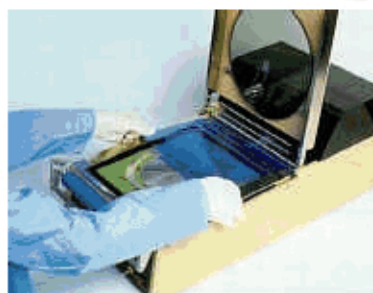

- Flux-Free Solder Process Development
- University or Laboratory Research
- Low Volume Assembly of Microelectronic Packages
- Hybrid Microelectronic Circuit Assembly

Dicing Tape (băng dính)

Die Matrix Expander

Tape Moulder (Máy phủ băng dính)

## Vì sao ACROSEMI

- Giải pháp "chìa khóa trao tay"
- Tiến độ giao hàng tốt nhất
- Dịch vụ tốt nhất
- Sản phẩm tốt nhất, rất dễ sử dụng
- Nhanh hơn, tin cậy hơn
- Các giải pháp dễ mở rộng
- Trợ giúp kỹ thuật tận tâm

## Full SMT Line

TECHNOLOGY WINNER

### Align with the Leader

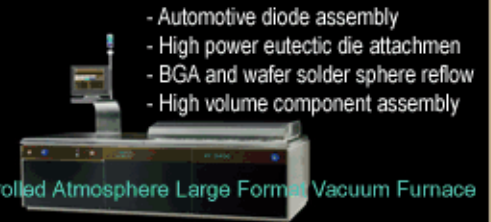

Smart Manufacturing Technology from your Total Solutions Provider

Die Bonder (Máy hàn chip)

West Bond Model 7476E  
Wire Bonder (Máy hàn dây)

- Automotive diode assembly
- High power eutectic die attachmen
- BGA and wafer solder sphere reflow
- High volume component assembly

Controlled Atmosphere Large Format Vacuum Furnace

Wire Pull Tester (Máy kiểm tra mối hàn)

# Our Partners / Đối tác

www.acrosemi.com

**WEST-BOND**

West-Bond manufacturers wire bonders, die bonders, die attach, epoxy die attach, and wire pull tester.

**SAMSUNG**

With over 25 years of experience in the Surface Mount Technology (SMT) industry, Samsung Techwin Co. Ltd. (an integral part of Samsung) is the world's best known company for their complete line of SMT assemblers and accessories to support your needs.

**SST International**

SST International is an innovative leader in the development and application of microelectronic package assembly equipment and technology.

**Semiconductor Equipment Corp.**

Semiconductor Equipment Corporation (SEC) manufactures manual and semiautomatic assembly, rework, handling and test equipment used in development and production of microelectronic devices for the semiconductor, hybrid and printed circuit industries.

**ami**

Affiliated Manufacturers, Inc. (AMI) offers a wide range of options for screen and stencil printers, automation equipment for parts handling, vision systems, in-line IR dryers and screen printing supplies.

**YES Tech**

Yield Enhancement Solutions

YESTech, Inc. is a leading global provider of automated optical inspection (AOI) and high-resolution X-ray inspection systems. The full line of inspection systems offers cost-effective, integrated yield enhancement solutions for the printed circuit board assembly, advanced semiconductor-packaging and hybrid assembly to EMS providers and electronics OEM's worldwide.

**NX**

NEUTRONIX-QUINTEL

Neutronix-Quintel (NXQ) offers a wide selection of mask aligners and automated pattern recognition alignment system.

Developer, manufacturer, and seller of wafer probing solutions.

**Polaris ELECTRONICS CORP.**

Polaris Electronics Corp. offers projection welders and parallel seam sealers for microelectronic and optoelectronic packages, as well as spot welders, lid tackers and other, optional accessories designed to meet every hermetic sealing need.

**TRIO-TECH INTERNATIONAL**

A Global Test and Manufacturing Solutions company. Founded in 1958, Trio-Tech International designs, develops and manufactures equipment used in the manufacturing and testing of wafers, devices and other electrical components.

**Universal**  
(FAR EAST) PTE LTD

**ACCVACS**

Accvacs is a manufacturer of Digital Table Top Impulse & Vacuum Heat Sealers. Our Impulse & Vacuum Sealers are Manufactured in the USA with the most Advanced Electronic & Pneumatic Controls - offers the best Safety options, the best Seal and the best Warranty in the Industry.

**DEWEYL**

DeWeyl Tool, Inc. provides the finest quality bonding wedges in the world. DeWeyl's primary business is manufacturing wirebond wedges, die pickup tools, and Custom high precision tooling for the Semiconductor, Aerospace, and Medical Industry.

**ADT = Dicing**  
Advanced Dicing Technologies

Advanced Dicing Technologies (ADT) is a world leader in the development and manufacture of dicing saws, laser scribing systems, and dicing blades.

**TERRA UNIVERSAL**

Manufacturer of Cleanrooms, Desiccators, Glove Boxes, Laminar Flow, Exhaust Hoods, Cleanroom Equipment, Clean Room Work Benches, Wet Benches, and Other Critical Environment Solutions.
